

NON-FERROUS SPECS

- **#1 Copper**
 - Minimum 16 gauge wire & new or clean copper tubing
- **#2 Copper**
 - Smaller than 16 gauge wire & older copper tubing with solder
- **Bare Bright**
 - #1 new (shiny) bare copper minimum 16 gauge wire
- **Sheet Copper**
 - Gutters, down spouts, kettles, boilers, etc.
- **#1 Insulated Copper Wire**
 - 16 gauge and heavier copper wire with insulation (coating)
- **#2 Insulated Copper Wire**
 - Smaller than 16 gauge copper wire with insulation (coating)
- **Electric Motors**
 - Various sizes of electric motors that are copper-wound and free of excessive attachments such as gear reducers and iron bases. No sealed units.
- **Aluminum Cans**
 - Free of all other scrap metals including foil, food cans, plastic bottles, paper, glass, excess moisture and other non-metallic items. If still recyclable, excess moisture will result in price per pound deduction.
- **Sheet Aluminum**
 - Clean aluminum sheet free of foil, castings, iron, and beverage containers
- **Cast Aluminum**
 - Clean aluminum castings free of iron, non-metallic items, dirt, etc.
- **Aluminum Siding**
 - Clean siding, soffit and gutters that is free of plastic, iron, dirt, fiber or other backings.
- **Aluminum Breakage**
 - Aluminum sheet and cast scrap containing iron, metals or certain other non-metallic items.
- **Aluminum Radiators**
 - Clean aluminum radiators and condensers free of other types of radiators
- **Aluminum Copper Radiators**
 - Clean aluminum and copper radiators and/or aluminum fins on copper tubing
- **Extrusions**
 - Extruded aluminum of one alloy 6063 or 6061
 - Sort by mill-finish & anodized, painted or thermal barrier (glue) along with new or post-consumer to obtain best pricing
- **Aluminum Rims**
 - Must be clear of all rubber
 - Free of all inserts, wheel weights, valve stems and other non-metallic items.
- **ACSR Wire**
 - Strands of aluminum wire reinforced with various strands

- **Soft Lead**
 - Clean lead solids, free of other materials such as drosses, battery plates, lead covered cable, other metals, and radioactive materials. We do not accept lead batteries
- **Wheel Weights**
 - Lead tire balances with or without iron clips
- **Stainless Steel**
 - Clean 18-8 (304) type stainless clips and solids
 - Clean 18-8 turnings at a discount to solids; free of excessive oil and other contaminants
 - Clean 316 stainless steel clips and solids
 - Clean 316 turnings at discount to solids; free of excessive oil and other contaminants
 - Other nickel bearing alloys as samples and/or analyzed
